

Diamond Core Drilling

EIBENSTOCK
Elektrowerkzeuge

by E-motion

- Mechanical Oil-bath gearbox with integrated oil pump-durable lubrication of the armature pinion
- Speed clutch-easy mounting with drill rig
- Electronics - soft start, temperature control and over current cut off, optical overload indication, constant speed
- Cut-off carbon brushes - to protect the motor
- High performance motor reserves high power
- Integrated oil pump - optimal lubrication of all gear parts
- Mechanical safety clutch

KDB 250

SPECIFICATIONS	KDB 250	KDB 350-3
Power input	2.500 W	3.000 W
Rated speed [rpm]	360 / 850	230 / 500 / 1.030
Drilling Ø	52 - 250 mm	40 - 350 mm
Column height	995 mm	995 mm
Stroke	600 mm	600 mm
Spindle connection	1 ¼"	1 ¼"
Weight drilling unit	Drill rig 15.5 kg Motor 10.5 kg	Drill rig 18.5 kg Motor 12.4 kg

Made
in
Germany
since 1919

KDB 350-3 + BST 300
